Recent accomplishments

- **Award-winning project** at [WomenHack 2022](#) | September 2022 | [Project page](#)
My team and I built an interactive map of NFT art exhibitions. I built the frontend. [Tezos](#) awarded us for the best use of its blockchain.
- **Award-winning project** at [NFT Berlin 2022's hackathon](#) | May 2022 | [Chronicle](#)
My team and I built a research tool to engage and reward participants in citizen science projects. I built the frontend here too. We won two prizes for the best use of [Near](#) and [Arweave](#).

Work experience

- **Frontend web developer**, internship | [LiveEO](#) | April 2021 - April 2022 | [Recommendation letter](#)
I was part of the core applications team, building the company's web app with React and Mapbox.
- **Graphic designer** | Freelancer | February 2013 - August 2020
I designed several types of marketing materials like brand identities, posters, and banners.

Technical skills

- Proficient in standard web technologies: **HTML** | **CSS** | **Javascript** | **React** | **Git** | **API**
I'm confident in building performant and responsive websites and web apps.
- Gaining proficiency in: **Next.js** | **Typescript** | **React Native** | **Web3** | **GraphQL**
These are technologies that I've been studying and using in my personal projects.
- Confident in writing tests: **TDD** | **React Testing Library** | **Cypress** | **Jest** | **Enzyme**
I have experience writing tests for React-based applications.
- Confident in popular web-related design tools: **Figma** | **Photoshop**
I also like to keep up with new ones. Right now I'm loving Spline for 3D design.
- Some experience with: **Node.js** | **Express** | **AWS Amplify**
I have used different backend solutions over the years, both server-based and serverless.

Education

- **Blockchain development** with Solidity, part-time *bootcamp* | [Encode Club](#) | September 2022 - November 2022
- **Web Development**, full-time *bootcamp* | [DCI Digital Career Institute](#) | November 2019 - January 2020
- **Graphic design**, Bachelor's degree | [EASD Valencia](#) (Official Design College of Valencia, Spain) | September 2009 - January 2013
